}

```

Batch 7 Outcome

Website customer acquisition app now includes:

- ✔ customer-facing homepage
- ✔ AI-enabled lead capture page
- ✔ food menu page
- ✔ soft drinks page
- ✔ alcoholic drinks page
- ✔ offers page
- ✔ catering enquiry page
- ✔ delivery enquiry page
- ✔ customer feedback page
- ✔ website API integration layer
- ✔ mobile-first layout
- ✔ Meat Lovers powered by YohPal branding

Next Smart Move

Build **Batch 8 — Website Backend Lead Capture API**, including:

- website leads table
- catering enquiries table
- delivery enquiries table
- feedback table
- website controller
- website routes
- CRM integration
- audit logging for website submissions
